

# Riverside Free Clinic: Why is Healthcare Research Important?

---

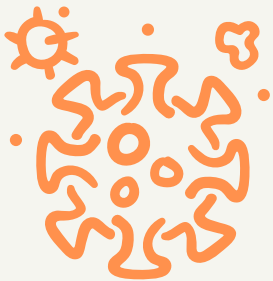

Recent surveys show that 90% of American physicians report that "scientific research is essential for improving the quality of human life"

"We believe our expertise in data and information is a critical piece to lifting up the quality of life in communities ... using objective research turns data into action"

- HEALTH ASSESSMENT  
AND RESEARCH FOR  
COMMUNITIES

Research In  
Major  
Diseases To  
Practice  
Preventative  
Medicine

Research In  
Healthcare  
Access To  
Minimize  
Health  
Inequity

Research In  
Quality of  
Life To  
Better Serve  
Patients Like  
You!

---

## Riverside Free Clinic Mission:

RFC is a nonprofit organization that provides free interdisciplinary health and wellness care to the underserved population of the Inland Empire while also providing an effective training environment for future healthcare professionals and leaders dedicated to serving the Inland Empire.
